

TRACKSIDE OFFICIALS

This is an example of briefing /site induction from a sector Marshal for the specific location at the Grand Prix. The location and venue may change but the information can be used for a sector marshal briefing at other events. These may be adapted

1. Introduce yourself to whole team.
2. Read out, word for word, Safety Briefing and Site Induction Notes.
3. General Notes on Turn 3.
4. Medical – any problems see me – this will remain confidential between us and the medical team at Turn 3.
5. Here to enjoy ourselves although safety is paramount in all areas. Driver, officials, spectators. Watch for any possible problems, especially race day.
6. If track is clean then sit and relax, especially fire marshals.
7. Any time there is anything on track, be ready and alert.
8. Spectator marshals – there is a tendency for you to stand in groups. We need you to spread out and not concentrating too hard on the actual racing. Your job is to watch the spectators. If you want to be nearer to the racing, acquire your CAMS licence and join the trackside team.
9. Anyone who has not been before, see me now.
10. Work together as a team, watch out for each other and have a good week.
11. Do not lean on walls during racing/practice.
12. Keep up-track of any openings.
